

## *“Quality care that speaks for itself”*

St. Francis promotes an atmosphere of companionship, happiness and productivity for its residents by establishing these ideals as goals and by doing whatever is possible to ensure these goals are met on a daily basis. All residents are treated with the dignity and respect they well deserve.

St. Francis Assisted Care is a facility and experience everyone can take pride in.

# *St. Francis Assisted Care*

Sometimes all it takes to start the day feeling good is a helping hand to button a blouse, or a warm hello at breakfast. At St. Francis, that helping hand and warm, friendly feeling is present all day, every day. After all, that's what caring is all about, and at St. Francis we're all about caring.

## *Alzheimer's and Dementia..*

At St. Francis we work together with your family and physician to identify and provide for the needs of your loved one. We use specialized knowledge and techniques which adapt to the unique changing behavioral and communication needs that occur with Alzheimer's Disease and other Dementias.

We are committed to helping your loved one maintain the best health possible with no restraints and minimal use of medications. It is important for the individual with on call professional medical expertise. The decisions surrounding Alzheimer are never easy. Fortunately, some choices for Assisted Living are clear, St. Francis Assisted Care is one of them.
